Hello,

XM radio is one of the best things to happen to radio and cars. It is a shame that you guys cant just let it be. My family and I use XM radio every day and it helps us to travel around the country. If you shut down the XM Instant Traffic and Radio you should be shutting down every other great big company that is more successful than another business. It makes no sense whatsoever... Now you have MY opinion and alot of other people's opinion from around the nation. Thank you for your time,

Sincerely,
Preston Lucero
